CAMP BETTER

THE ARCHETYPE OF TOY HAULERS

Established in 2004, Raptor was one of the very first true toy haulers to market. Frame-welded tie downs, large tow capacities, and huge garage doors made them gloriously unlike other towable RVs at the time.

Flash forward to today, these rugged campers are filled with lavish off-road accessories like SolarFlex™ packages, backup cameras, patios, and iN-Command® control centers. Every floor plan features a HappiJac® bunk system making Raptor the ideal toy hauler for families who want to get off the beaten path.

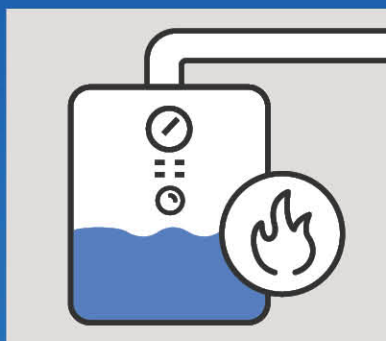

A Breath of Fresh Air

Raptor is offering a choice of two decors for 2022, Carbide and Axis. Both decors feature a combination of Scandinavian and modern elements with their light Ashby Maple woodgrains, Designer White cabinetry, and black hardware accents.

Wireless Charging

Quickly and conveniently transfer power to your device without clunky cables.

On-demand Water Heater

Endless hot water when you need it most.

Soft-close Hardwood Cabinetry

Sturdier construction and quiet closure for undetected midnight snacking.
