Light & Lively

Passport is bringing a fresh perspective to travel trailers with breezy new wall coverings and roomy vaulted ceilings. With careful planning and material selection, the Passport design team has added residential upgrades including wood-panel doors, pressed countertops and high arc kitchen faucets, all while keeping these units at an oh-so-towable weight.

A Study in Contrasts

Light flooring, countertops, and wall coverings are a modern complement to the clean lines of Passport's mid-tone wood cabinetry and satin nickel finishes.

Show-stopping Touches

Passport's master bedroom is transformed with a rustic, reclaimed wood feature wall and recessed accent lighting.

WHAT DOES BEST IN CLASS STORAGE MEAN TO YOU?
