EXTENDED STAY TRUCK CAMPERS

This light weight unit will allow you to have a comfortable living space while still leaving your hitch open for options like toy haulers or livestock trailers! The 800X series offers a queen size bed, plenty of storage including two closets, a footlocker, a full kitchen with extra counter space, and a u-shaped dinette. This unit is the lightest Extended Stay truck camper that Travel Lite RV has to offer; which means you can have all the luxuries of an Extended Stay truck camper while keeping your truck ready to dominate the trails.

The 840 SBRX offers a queen size bed, plenty of storage including a closet, two footlockers, and a full kitchen. This is the lightest, most compact Extended Stay that offers a full bath which includes a toilet, shower, sink, counter space, and a medicine cabinet. Weighing in at 1,865 lbs., this unit is made for ½ ton trucks and larger! The 840SBRX is designed to sleep four people comfortably.

The 890 RX/SBRX offers a queen size bed, plenty of storage including a closet, two footlockers, and a full kitchen. The 890 is a great choice for those with a ¾ ton truck because it has all the amenities of the 840SBRX but in a more spread-out package. The 890 series has a full bath included; containing a toilet, shower, sink, counter space, and a medicine cabinet.

The R model weighs 2,050 pounds while the RX weighs 2,140 pounds. The floorplan on the 890 and 960 are both similar. However, the 960 offers a larger, two-sided sink than the 890, with the most room possible. This unit is specifically designed for your ¾ ton pickup with an 8' bed. All this in a lightweight package! The 960 beats our competition by hundreds of pounds which gives you the ability to have a luxurious living space, while still having the capability to haul heavy trailers.

	Dry Weight	Floor Length	Floor Width	Overall Length	Exterior Width	Exterior Height	Interior Height	Fresh Water Capacity	Black Water Capacity	GreyWater Capacity	Refer Size	Matress Size	Dinnette Bed Size
