FH SERIES

# Gooseneck Flatbed

FGSH+5 - 20

**STANDARD TOOLBOX**  
Built with diamond plate steel- all models.

**ADJUSTABLE DOVETAIL**  
Easily convert the dovetail to lay flat with the deck of the trailer providing additional hauling space.

**SPRING LOADED RAMPS**  
Spring loaded ramps lift easily, but are built tough with heavy-duty 4" channel.

**SIDE TURN SIGNALS**  
Mid-trailer side turn signals are standard on all Moritz F-Series trailers.

## MORITZ FH-SERIES

### Heavy-duty deck-over flatbed trailers

The F-Series trailer has been engineered and manufactured to withstand the demanding everyday duties that are required from a trailer. This design is stronger, sleeker, and provides a smoother ride than our competitors. Features such as an adjustable dovetail, standard toolbox with lid, and a multi-stage painting process make the Moritz F-Series the best in its class.

As a family-owned manufacturer with more than 30 years of service, Moritz has earned a reputation for quality workmanship, dedicated service and built-to-last performance. Moritz International trailers are the best built trailers the industry has to offer.

Moritz trailers are sold exclusively through an Authorized Dealer Network. For dealer information, call us at (419) 526-5222 or visit our website at [www.moritzint.com](http://www.moritzint.com).

**INTEGRATED STEPS**  
Steps on both sides of the trailer allow for easy access to the deck.

**VERTICAL RAMP BARS**  
Our optional vertical ramp bars give you additional hauling space.

## STANDARD SPECIFICATIONS

deck height	low profile: 33" (optional)	36" (standard)
overall width	100"	
brakes	electric brakes, all wheels	
torsion axles	on 7k and 8k	
stake pockets	1/4" x 2" x 4"	
tire	16" radial 10 ply rated	
wheel	16", 8-bolt	
jack(s)	10,000 lb. spring-loaded foot	
coupler	2 5/16" adjustable	
cross-members	3" channel, approx. 24" spacing on 9k and 10k, approx. 16" spacing	
side rails	6" channel w/ rub rail & stake pockets, approx. 24" spacing	
safety chains	3/8" w/ latch hook	
lights & wiring	LED lights with sealed wire harness moisture-resistant connectors	
floor	2" treated yellow pine	
ramp construction	4" channel x 2" x 3" x 3/16" angle
